### **Cellar Wine tour A vineyard and cantina tour, wine tasting and more...**

We will visit organic wine estates which have been run by family generations; their love for the land and passion for making fine wines has helped them cultivate their vines and select only the best grapes for production of an optimum wine. They are particularly concerned with the environment and the eco system in which the grapes grow and have adopted organic growing methods.

#### **PROGRAMME:**

The owners will meet us and explain how is the life in the fascinating world of wines; they will lead us on a tasting of their best wines that have become famous at a European level for their quality and flavour, accompanied by some of the best

locally produced foods.
